WE ARE POST-MEN

We believe that any successful project is an amalgamation of technology, creativity and innovation. We, Post-Men Studios are a Mumbai based post production company founded in 2018 with the sole purpose of producing stunning audio- visuals, path breaking motion graphic animations & technologically driven content of any scale executed by a skilfully experienced team of experts. Good Service is always our priority.

OUR TEAM

Great work is never by accident, it is a result of an intelligent direction and a skilful team. Our team is a mix of experienced and eclectic minds that have served the entertainment industry and are here to provide our clients with quality creative services that are within the budget and at par with amazingly fast times.

Subodh Pandurang Paakhare

Founder, Creative Producer

With more than 12 + years of experience in the field of post-production, Subodh is creative, enthusiastic and a passionate soul who believes in producing aesthetically driven results. Subodh has been working in the industry as an Associate Producer/Director on projects dealing with brand communications. He has worked with brands like Tata Motors, Aqua Guard, Nissan, Garnier, Renault, Facebook and many more. He has been handling and supervising the post production work with keen interest in end -to-end project management and video editing which also includes various types of animation and VFX work. His charismatic approach encourages his teammates to always put their best foot forward. During the early stage of his career, Subodh had discovered his inclination towards the new age tech integration solutions and had successfully created and delivered many interesting event solutions. When it comes to technical knowledge, Subodh is a one -man army and as the head of the team, 'He is never off duty'.

Sutanu Mondal

Co Founder, Creative Producer (animation)

A seasoned technician when it comes to VFX and motion graphics. Sutonu a.k.a Suttu bhai called by his teammates is an artist with an extensive technical background and has always been keen to combine design with functionality. Starting his career as a roto artist, Sutonu slowly and steadily has gone on to become a senior VFX and motion graphics expert heading his own animation company called the 'Post-FX'. Sutonu truly believes in great team work, systematic workflow and multi-tasking etc all without compromising on deadlines.

Deep Basu

Content Producer, Film Maker

Producer, Film director, actor, rolled into one, Deep Basu aka Deepu is a man of many parts. Deep is a tough task master and is often seen juggling multiple projects involving multiple clients with aplomb. However, his appetite for work and coordination is enough to make his colleagues run for cover. His fitness stories are legendary, so is his dedication to Cinema. With a career in Film making spanning more than 9 years Deep Basu has a wide array of exposure in casting, creating content, Directing Corporate films and supervising various Animation and motion graphic projects and CSR initiatives. Deep has been a director for various corporate films for several reputed corporate houses like Tata Motors, Aditya Birla, Tata Steel, Matrix, Reliance to name a few and heads Post-men Studios as the Content Producer. Deep has a fantastic way of putting people into a strict health regime and compelling them to follow it. He has successfully written a Bengali feature film called Oskar and directed a short film 'Happy Anniversary' for Disney+Hotstar. Plus, he has worked as an associated director in various long formats of Bollywood in the past.
